Re: 2012 Saskatchewan Summer Games

The Saskatchewan Games Council is pleased to announce the sport calendar for the 2012 Saskatchewan Summer Games. Your sport has been chosen for the sport calendar and the listing of sports will be included in the Bid Information that will be sent out to the communities eligible to bid for the 2012 Saskatchewan Summer Games.

The sport selection process was based on the new direction of the Saskatchewan Games program whereby the purpose of the Games is *"to provide an opportunity for the provinces developing athletes, coaches and officials to participate in a multi-sport event in preparation for a higher level of competition"*.

All the sports that applied were evaluated on their ability to demonstrate how their sport would achieve the primary goals of the Saskatchewan Games.

- *To provide an athlete-centered multi-sport experience that compliments provincial sport governing bodies, long term athlete and coach developmental plans. Generally in the LTAD 'Training to Train' stage of development.*
- *To identify Saskatchewan participants with the potential to advance to higher levels of competition.*

The attached sport calendar is mandatory for communities bidding to host the Games. Communities interested in bidding must ensure that the facilities available meet your technical requirements. Your sport may be contacted by the bidding communities for additional information and to ensure the proposed facilities are adequate.

Provincial Games Consultant, Lorne Lasuita will be in touch with you to discuss and further develop the details of your sport technical package.

Thank you for your application and continued support of the Saskatchewan Games program and we look forward to working you in preparation for the 2012 Saskatchewan Summer Games.

Yours truly,

Susan Schneider
Executive Director
